

About ISE

Learn about the mission, governance, and background of the Information Sharing Environment and its mission partners.

[What is the ISE?](#) [1]

The ISE provides analysts, operators, and investigators with integrated and synthesized terrorism, weapons of mass destruction, and homeland security information needed to enhance national security and help keep our people safe. [Continue reading about the ISE](#) [1] or find more specific information in the links below:

- [Scope of the ISE](#) [2]
- [ISE Governance](#) [3]
- [Business Model](#) [4]
- [Background and Authorities](#) [5]

[Industry's Role in the ISE](#) [6]

The ISE cannot be built or succeed without standards-based innovation. Innovation will result in faster delivery of more cost effective solutions; greater agility in the face of evolving threats through reuse and the ability to identify new requirements and form dynamic networks across mission partners; and the ability to reduce redundancy and unnecessary complexity that drives costs, slows progress, and only aids those that would do us harm. [Continue reading...](#) [6]

[Careers](#) [7]

Check for recent career postings for the ISE or its mission partners.

[Open Government](#) [8]

Enabling transparency is a key goal of the Information Sharing Environment. Provide feedback directly to our office and learn how we measure the information sharing progress of our mission partners by exploring the links below.

- [Public Feedback](#) [9]
- [Metrics](#) [10]

[Annual Report](#) [11]

The [ISE Annual Report](#) [11] is required by the [Intelligence Reform and Terrorism Prevention Act](#) [12], which

states that the PM-ISE is to provide the Congress ?a progress report on the extent to which the ISE has been implemented.? The 2011 ISE Annual Report highlighted major ISE activities from July 2010-2011.
