

Defense Industrial Base Critical Infrastructure Protection (DIB CIP) Conference

Posted by [Leah T Bannon](#)^[1] on Tuesday, March 29, 2011

Setting the Vision and Strategy for the Next Decade: What have we learned in the past decade since the 9/11 and Katrina tragedies? Are we better prepared for the security challenges we will face in 2020? Threats are constantly changing, technologies evolving, and partnerships/relationships maturing. This conference will examine the Defense Industrial Base Critical Infrastructure Protection vision and strategy for the upcoming decade. Only through extensive collaboration and information sharing can we hope to meet future challenges. [Learn more and register.](#) ^[2]
